

Dear Whom it May Concern,

It is my pleasure to recommend Liam Byrne as a Graphic Designer. I have worked with Liam over the last year as his manager at @properties Christie's International Real Estate where he used his design skills to deliver well-designed and thoughtful Marketing assets for our team. I am confident that Liam's skills, professional experience, and personal qualities will allow him to be a great asset to any team.

As a Graphic Design Intern, Liam constantly demonstrated his knowledge of design and typography, as well as his superb communication skills. In particular, his positive go-getter attitude allowed him to work on many projects including both digital and print which enhanced his skill and eye for design.

Liam has my highest recommendation for this position. I have no doubt he will make a strong addition to your team. Please feel free to contact me if you have any questions regarding his candidacy or past work.

Sincerely,

*Erica Simon*
